

Mandatory Language for Monitoring and Reporting Violation
Chemical Sampling
CHEMICAL MONITORING, ROUTINE MINOR

The **City of Bellmead** water system **PWS ID 1550001** has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Public water systems are required to collect and submit chemical samples of water provided to their customers, and report the results of those samples to the TCEQ on a regular basis.

We failed to report the following constituents; Failure to Submit Disinfection Level Quarterly Operating Report

This/These violation(s) occurred in the monitoring period(s) **October, November, December of 2024**

Results of regular monitoring are an indicator of whether or not your drinking water is safe from chemical contamination. We did not complete all monitoring and/or reporting for chemical constituents, and therefore TCEQ cannot be sure of the safety of your drinking water during that time.

We are taking the following actions to address this issue by improving checks and balances, along with updating S.O.P.'s to a higher standards.

Please share this information with all people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

If you have questions regarding this matter, you may contact **Greg Carpenter/ Utilities Superintendent at** (254)640-3871 or (254)799-58298 ext. 6563. Email: gcarpenter@bellmedtx.gov
